Dear Gadi,

SUBJECT: JOB WELL DONE

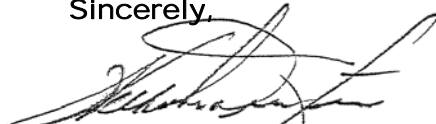

I wanted to express my sincere appreciation for the outstanding performance your crews at NorthStar Moving have consistently exhibited for my clients at the prestigious Regatta Seaside Residences in Marina Del Rey. Having been the Sales Manager for the developer on the original sale of units in the building, I became very familiar with the type of demanding clientele purchasing units in the building which, of course, defines their character in all their needs,

My experiences with your company on a first hand basis have been very impressive. Your crews are always timely, they work exceptionally well together ensuring an expeditious, thorough, and safe pack and move process that has been comforting to me as well as the other multiple homeowners in the Regatta Seaside Residences that have used your services.

As the leading real estate sales agent in the building, I recommend only those vendors whom I can trust for consistent excellence in performance. I always know that I can count on NorthStar Moving to provide that excellent service that makes my clients very happy and of course makes me look good a well.

Thanks for always providing such exceptional service and I will continue to recommend you to all my clients with pride and complete confidence.

Sincerely,

William Durfee  
Senior Sales Associate
